Drinks

If it's cold, we'll drink hot chocolate, with milk.
If it's hot, it'll be nice, some lemonade, with ice.

We don't need an excuse to drink water or fruit juice.
Would you like a cup of tea? There's cake for you and me.

If it's pouring down with rain, Give me a glass of champagne!
If the sun shines, it'd be divine, to share a bottle of wine.

If coffee keeps you awake,
You'd better have a milkshake.
If a pink cocktail is too dear,
You'd better have a beer.
