Fruit is great!

From the cherry on top of the cake to the strawberries in your shake. Fruit is healthy and good to eat. Have a banana it is very sweet!

If you eat a pineapple, and a pear, You will be stronger than a bear. If you eat an apple a day, you'll keep the doctor away.

Eat red juicy grapes for lunch. one by one or the whole bunch. You will be as pretty as a peach, If you eat apricots on the beach.

If you bake me an lemon tart. You are sure to win my heart. If you bake me a plum pie. I will never say good bye.
